

## Venice City Budget For 1960-61 Set At \$363,956

Add Worker, Building Project; Higher Than '59-60 Budget, Costs

The Venice city council set the city's 1960-61 budget at \$363,956 in voting final adoption at Friday night's semi-annual meeting. The total is \$37,603 greater than the 1959-60 budget of \$326,353 and is \$101,475 higher than the actual 1959-60 expenditures of \$262,481.

Two revisions were made in the tentative \$329,136 budget placed on first reading two weeks ago. The council added \$4820 to the street department budget to allow for hiring of one additional laborer, and placed \$30,000 in the library appropriation for constructing a library addition. The \$30,000 already has been accumulated and will not be in this summer's tax levy.

Factors in the \$101,475 difference from last year's spending include the \$30,000 library project, \$25 monthly pay increases for most city employees, library and police pension savings programs, construction of a dog pound, an increased garbage collection staff, repair and construction of sidewalks at a cost of \$5000, expansion of the street department staff, provision of \$4500 for city hall alterations, installation of new police radio equipment at a cost of \$3000, purchase of two new police cars, a \$1000 increase for fire calls and provision of \$700 for firemen's uniforms.

**Confirm Pay Raises**  
In addition to taking final action on the new budget, the council enacted a resolution confirming pay raises specified in the August budget. All were made retroactive to the start of the new fiscal year May 1.

The action left monthly pay of the superintendent of streets at \$325, city hall custodian \$285, city hall janitor \$300, city engineer \$150, city health officer \$150, city comptroller \$150, city attorney \$235, police chief \$255, captain \$310, lieutenant \$498, sergeants \$485, patrolmen \$475 and part-time patrolman \$275. Hourly pay of street department employees was increased by 13 cents, to rates of \$2.60 for laborers and \$2.21 for truck drivers.

**Department Comparisons**  
A comparison of the 1959-60 departmental budgets, actual 1959-60 spending and the 1960-61 final budget figures, in that order, follows:

Streets and alleys — \$48,063, \$54,804 and \$52,085; police salaries, \$88,496, \$88,025 and \$95,656; police supplies, \$9620, \$7604 and \$14,020; city officers, \$22,000, \$22,201 and \$22,201; law department, \$2770, \$2568 and \$5370; insurance, \$14,717, \$13,729 and \$21,225; printing, \$1250, \$885 and \$1250; sanitation and health, \$3800 and \$12,650; sewerage, none, none and \$500; playgrounds, \$300, \$305 and none; city hall, \$14,210, \$10,640 and \$18,810; audit, \$350, \$385 and \$400; lighting, \$3000, \$2238 and \$3000; sidewalks, none, none and \$5000.

Venice Two-Way Traffic Will Resume Monday

Two-way traffic is to be resumed on Main street and Broadway about Monday, July 18, it was announced at Friday night's Venice city council meeting. Partial relief for Kerr street residents—plagued by heavy traffic during repaving work—was provided by banning westbound traffic on Kerr.

Eastbound Kerr traffic will return to normal as of July 25, when vehicles entering Venice by the McKinley Bridge will be able to go north on Main to reach Broadway. One-way traffic has been in effect for several weeks, resulting in westbound traffic using Kerr street.

Complaints of dust and damage to homes were voiced at the council meeting by William Daniels, Mrs. William Godfrey and Earl Hogan, and Mayor John E. Lee designated the street and alley committee to inspect the area and report back to the council. Heavy trucks have resulted in cracked pavements and other damage, the residents report.

The council received notice of a suit filed by Attorney John Gifford on behalf of Anna Marie Wall, who seeks \$100,000 for injuries suffered in a fall. The notice was referred to City Attorney Harry E. Hartman.

Fourth Ward Alderman Oscar King reported an order from Weaver streets, and Building Inspector Arlie Abbott reported on progress of inspection tours.

Police Chief Robert Traver announced that the department has borrowed one of the Granite City fire department's new radios for installation in a new Venice car, due to late arrival of the radios ordered for Venice. Police radio frequencies are to be changed Aug. 1, requiring new radios.

The council paid \$10,958 to General Contracting Co. as the second installment on work on the McKinley Bridge approaches and toll stations, and \$2574 to Hardesty and Hanover of New York for engineering fees. A June treasury report showed a \$103,609 previous balance, \$3434 receipts, \$17,286 expenditures, \$88,217 cash balance, \$6608 outstanding checks, \$735 in transit and \$83,091 bank balance.

## Alternate Bus Routes To Be Studied By ICC

The Illinois Commerce Commission is Springfield will consider, on Wednesday, alternate routes for East Granite buses traveling in both directions on the narrow, heavily trafficked avenue. They said there was no personal need for public transportation, as the 25 families own 35 automobiles.

Submission of the compromise routes was originally agreed to by Community Coach Co. officials at a hearing before the ICC on July 6.

Alternate bus routes were requested by residents along Delmar who complained of buses traveling in both directions on the narrow, heavily trafficked avenue. They said there was no personal need for public transportation, as the 25 families own 35 automobiles.

## Study Of Transit Plan Ready This Fall

Much Data Already In On Feasibility Survey Of Two-State System

A study of the feasibility of establishing a unified area-wide mass transportation system will be completed within the next two to three months, the Press-Record learned Friday from Charles M. Roos, chairman of the Missouri-Illinois Bi-State Development Agency.

Arrangements were made Thursday afternoon for the study to be conducted by W. C. Gilman and Co. of New York City. The proposed transportation system to be studied includes the Illinois Metropolitan Area, St. Louis and other Missouri metropolitan areas.

A resolution to proceed with such a study was adopted by the Missouri-Illinois Bi-State Development Agency commissioners June 30 in St. Louis. J. McNulty, chairman of his plan for a consolidated transit system under Bi-State Agency operation.

Following the meeting, Chairman Roos communicated with the Gilman firm, since it recently concluded a three-month study of the basic data required to extend the report to include the Illinois study. Roos reported the study was completed in September or October.

**Economic Report**  
An estimated that a review of the date already acquired and available, along with an economic feasibility report, could be completed in September or October.

The agency's sub-committee on transit, composed of Chairman Roos and Commissioner D. Richard Adams, met with Smith and Smith, 315 Olive street, and engaged his firm to start on the study at once.

Specifications covering the scope of the investigation and the report desired are turned over to the Gilman company. Roos said Smith advised the officials that his firm will undertake the study immediately.

**Saving In Taxes**  
During his appearance before the 10 agency commissioners, McNulty said his proposal was economically sound because public ownership of a transit system would save both sides of the river \$500,000 in federal and local taxes annually.

The supervisor said he believes present transit service could be maintained, extended and improved if a single public system replaced the firms now providing transit facilities in individual areas.

He described the Bi-State Agency as best qualified to operate a public transit system, since it has all necessary legal authority.

## Dog, Rock Bring Double Trouble

There's an old saying, "Troubles come in doubles," and that's how it worked out Thursday afternoon for little Allan Bulla, eight-year-old son of Mr. and Mrs. Steve R. Bulla, 3133 Davis street.

While he was attempting to give a friendly pat on the head to a neighborhood dog around 3 p. m., the dog suddenly turned on the right spot and bit him on the chest. After the wound was treated by his mother, he wandered outdoors again to play with a group of friends.

About 4:30 p. m., the child was tossing rocks in the air and, as Mrs. Bulla said, Allan just happened to be standing in the right spot when a good-size missile came down on his head.

Taken to the emergency room of St. Elizabeth Hospital, the boy was treated for lacerations of the chest and head. He was later released and referred to the family doctor.

## Six Injured In Mishaps Include Boy Hit By Car

Six persons were injured in 12 Quad-City traffic mishaps during the weekend, with the injured including a young boy struck by a car and a father and son hurt in a freak three-car crash.

**Car Knocks Boy Onto Sidewalk**  
A ten-year-old boy, Leonard Car, 3815 Pontoon road, suffered multiple minor injuries at 4:23 p. m. Saturday when struck by the southbound auto of James A. Adams, 361 1321 Johnson road on Madison avenue at 27th street.

The youngster was struck by the front of the car in the center southbound lane and knocked onto the sidewalk, adjacent to the west side of Madison avenue. He was taken by the motorist to St. Elizabeth Hospital for emergency treatment.

Adams told police the boy was walking eastward across Madison avenue, and he stopped in the middle of the street and darted back westward into his path. The motorist said he veered sharply to the right but was unable to stop or to avoid the mishap.

**Five Charges, Two Hurt**  
Two injuries, five charges and damage to a hire car, sign and three vehicles were recorded by Granite City police after a driver had chased a suspected traffic violator from Namecki and Edwards roads to 1501 Edwards road at 11:55 p. m. Saturday.

The charges, lodged against Charles D. Koller, 24, of 2020 Troy avenue, Madison, were speeding 90 miles an hour in a red light and siren of a police squad car, reckless driving, driving in the wrong lane and destruction of city property — a street sign.

Those hurt were Nicholas Groves, 42, and his son, Robert Groves, 13, both of Cahokia. Both were taken by ambulance to St. Elizabeth Hospital for treatment.

Groves suffered a left shoulder fracture, cerebral concussion, injury to the back and abrasions to the nose, back and left elbow. He was transferred Sunday to St. Joseph's Hospital.

## Two Caught During One Of 15 Thefts On Weekend

Unsuccessful Attempt On Supermarket Safes; Investigate Break-Ins

At least one of 15 thefts occurring in the Quad-Cities during the weekend was thwarted by police when they caught two youths inside a Madison service station. Investigation of the other cases is being continued.

The weekend reports included an attempt to open two safes at the A and P Food Store in Granite City and two burglaries in Venice.

Two teenage youths were caught by Madison police in the act of breaking into a service station at Fourth street and Madison avenue late Friday night.

Charged with burglary, the boys waived a preliminary hearing and were bound over to the grand jury. They were identified as Jerry Hutchinson, 17, of 1436 Seventh street, Madison, and Charles Thomas Howland, 17, of 1436 Seventh street, Madison. Both are unemployed.

Police said they received a telephone call at 11:35 p. m. Friday that two boys were trying to break into Saur's and Bills service station at 310 McCasland avenue.

Arriving at the scene, police saw inside the station at a soda machine. Glancing up, the boys saw the police car through the window and fled to the rear of the building.

Officers, guarding the exits, called for the pair to come out. They squirmed through a broken window on the south side of the building and, at police headquarters, admitted this was the same case they had gained entrance. They used a brick to smash the pane of glass.

The two appeared Saturday before Justice of the Peace Louis S. Kisser, who set bond at \$1000 each. It was brought out that an undetermined amount of damage had been done to the soda machine.

**Attempt To Open Store Safes**  
A burglar entered the A and P Food Store, 2016 Madison avenue, Saturday night or early Sunday morning but failed to open two safes in the store office after tampering with them.

Alerted at 9:30 a. m. Sunday, police checked the building and determined that entrance was gained by prying open a door on the northwest side. Going through a back room, the intruder went through an unlocked door to reach the rear of the store and then broke off two door locks to enter the basement and the office.

A preliminary inspection yesterday by the manager showed no money missing. An inventory of food stocks is being taken.

## Venice Break-Ins

In two burglaries reported to Venice police this morning thieves found money in unusual places at businesses but completely disregarded cash registers. Mrs. Peggy Divitro told police that her restaurant, the G and S, 2001 Broadway, was robbed sometime after she closed Sunday at 11 p. m. Totaling \$20 kept in the refrigerator were taken but \$45 in the register was left. The thieves entered through an open back door.

An open back door also allowed

## Minimum Goal of 1500 City Manager Signers Obtained

The required minimum of 1500 signatures has been attained on petitions requesting that a special election be held to decide if Granite City voters want a city manager type of government, James P. Worthen reported today.

However, the petitions will not be presented to the city judge at this time, Worthen asserted. Concerned that city officials might consider an election, costing between \$6000 and \$8000, unduly expensive with only ap-

proximately 10% of the voters on record as favoring the change, Worthen said that his group will continue to seek additional signatures so that there will be no question of unwarranted expense or that the people are ready to make the decision by vote.

The chairman said that a special committee meeting will be held tonight at 7:30.

Invitations have been extended to 16 persons to attend the session, which will take up recruiting of active campaigners and funds to continue the drive.

## 2 Catch Hands In Car Doors, 3 Injured In Falls

Two youngsters required treatment at St. Elizabeth's hospital Saturday after catching their hands in auto doors that were being closed.

They were Mary Beth Bunker, two, daughter of Orlin Bunker, 2320 Lincoln avenue, who caught her left index finger, and Clay Bunker, two, son of Harry Bunker, 2221 East 24th street, who injured the third and fourth fingers of his right hand in a similar fashion.

Falls were responsible for three other emergency room cases at the hospital Saturday. Earl Worthen, 61, of 2021 Illinois street, a city street department employee, fell while repairing a roof and suffered a dislocation of the right shoulder.

Frankie Hollenbeck, 921 Alton avenue, Madison, fell backwards and suffered a small fracture wound at the back of the head, and Brenda Fay Jones, six, daughter of Chester Jones, 1345 Circle drive, fell against a trailer and suffered swelling of the left eye, with the eyelid punctured and facial bones bruised.

Head injuries also were sustained by Daria Wiser, four, daughter of Robert Wiser, 2608 Edwards street, who was accidentally struck by a sofa bottle and received a forehead laceration, and Gerald Grider, 24, of 2212 East 25th street, who suffered a left eyebrow laceration when he hit a ball.

Landis Wayne Parker, two, son of A. J. Parker, 2037 Beck with street, Madison, received a puncture wound in the back of the head from a tack, which was removed during treatment at the hospital Saturday.

Other Saturday hospital emergencies involved Deborah Watkins, six, daughter of David Watkins, 2444 Terminal avenue, who caught her left heel in a bicycle wheel, and Robert Davis, 15, son of Nathaniel Davis, 1345 Meridian street, who was treated for a laceration to the right index knuckle.

**Broken Window Reports**  
Madison police received reports that a window was broken at Bob's service station, McCambridge avenue and Edwards street, at 7:45 p. m. Saturday.

## Busy GC City Council Session Likely Tonight

Granite City council meetings usually are busy occasions, and tonight's session should be no exception. Many documents placed on first reading at the July 5 meeting are likely to be presented for adoption this evening.

Among these are a bill which would set a limit of 64 on Granite City liquor licenses—51 Class A taverns, nine Class B or private club licenses and four Class C or package liquor store licenses. The figures are the numbers now in existence.

In submitting the proposal two weeks ago, Mayor Davis said, "I don't want any more taverns. There's too many now." He had just unsuccessfully attempted to deny package liquor store licenses on the ground that it was to be located less than 1000 feet from any other retail liquor outlet.

Also eligible for adoption tonight are five Sixth Ward street improvement projects involving proposed expenditure of \$180,000 in motor fuel tax funds, and \$50 monthly pay increases for five city hall office employees.

Business referred until later at the last council meeting included requests for preparation of ordinances authorizing a fire hydrant at 2344 O'Hare avenue and a repaving zone on the northeast corner of 21st street between the alley and Omaha street; bids on installing a new city hall roof; preparation of a procedure for obtaining rewiring in the city hall; a bid on supplying two-way police radios for three motorcycles; a claim for damage to an auto resulting from an unapproved driveway on city property at Namokel road, a Levee street; and a request for the northern 24th street parkway between Cleveland and Delmar avenues, and a request for a yield right-of-way sign at 24th street and Grand avenue.

## Schermer Bros. Observe Expansion Of New Store

The Schermer Brothers Supermarket, 12th street and Madison avenue, today began its grand reopening, displaying the market's expanded sales area and revamped store layout.

Approximately 10,500 square feet of space have been added to the store's building, with 3500 square feet being added on each of the first and second floors and the basement of an addition at the 12th and Madison corner.

Part of the expanded area has been used for wider aisles from about six feet in width to about eight feet. Using the remainder of the space are various new food cases and grocery shelving. In the frozen food department, a new two-tailcase case has been added, allowing shoppers access to the case from either side. It is 60 feet in length.

A self-service meat counter has been added to the meat department. Its four shelves permit more meat to be displayed with easier access.

Another innovation is an air pump which houses both heating and air conditioning systems in the same unit.

The store is owned and operated by Leo, Avery and Stan Schermer. The remodeling is the first since the new store opened in August 1956.

For the produce section, improved fixtures have been added, including a two-shelf fruit and vegetable case and a new lighting system over the produce.

The original terrace floor modification was extended over the expanded area but the former outdoor sign was moved to the adjacent parking lot. Replacing it is a larger, spectacular four-deck sign on which weekly featured items can be advertised.

The extended second floor now houses an employee's lounge and general offices, with more space yet to be used. Basement facilities also were expanded for use as storage space.

## Denise Lehmkuhl Marks Birthday

Mr. and Mrs. Richard Lehmkuhl entertained with a children's party Saturday afternoon at their home, 4205 Maryville road, in observance of the fifth birthday of their daughter, Denise Marie. Games were enjoyed on the lawn, with refreshments later served on the patio, which was decorated with colored balloons and other appointments.

Two buffet tables were used by the hostess, with one holding a centerpiece of circus animals and the other arranged with a large doll as its focal point. Many gifts were presented to the guest, and after the packages were opened, the hostess directed games and awarded prizes to each child.

Among the guests were Judy Comaux, Teresa and Mary Kay Scuturo, Gary and Michael Johnson, Tina Marie Todrazza, Mary Ruth Shipper, Debbie and Mickey Hausberg, Aaron and Karen Graham, Danny, Mark and David Dorfmueller, Bay Village, O., and the honoree's sister, Terry Jo.

### BRIDAL PARTY ATTENDS REHEARSAL DINNER

Mr. and Mrs. Hubert B. Fyffe, of Portsmouth, O., whose son, Hubert Fyffe Jr., was married Saturday to the former Patricia Ann Doyle, daughter of Mr. and Mrs. Charles Boyle, 2517 Adams street, entertained with an after-dinner party on Friday evening at Tony's restaurant, St. Louis.

Members of the bridal party present included Miss Jewel Haug, Lowell Sessle, Mr. and Mrs. James DeBorke, Portsmouth, O., Mr. and Mrs. Charles Jones, the bride's parents, and the principals.

Following the ceremony and reception which took place at the Sheraton-Jefferson Hotel, Mr. and Mrs. Boyle entertained with a dinner party at the Rose Bowl restaurant for several friends. Included were Mrs. Fred Haug, Mr. and Mrs. William Landman, Mr. and Mrs. James DeBorke, Portsmouth, O., Mr. and Mrs. Richard Dowdy and the bridegroom's parents.

The guests later adjourned to the Haag home, 2419 Delmar avenue, where they enjoyed a social evening.

### FORMER RESIDENT RETURNS TO TEXAS

Mrs. Bertha Davis, former Granite City resident who now makes her home in Corpus Christi, Tex., with her son-in-law and daughter, Mr. and Mrs. Leonard B. Rhodes, left today for Texas after spending the past 10 days with relatives. Her visit here was prompted by the death of her brother-in-law, Russell Adams.

During her stay, Mrs. Davis was the house guest of Mr. and Mrs. Harry Craig, 2315 Hodges avenue, Mrs. Russell Adams and Mr. and Mrs. Edward Gisham, 2316 Cleland road.

### TO RESIDE IN DENVER

Robert A. Polite, who recently accepted an executive position with the Martin Co. of Denver, Colo., arrived here Friday for his last day in Granite City. Mr. Polite and his wife, Patricia Renee, and their son, Robert Lee, who accompanied him back to Denver on Saturday. The family, which has lived at 2320 Benton street for several years, will make its future home in Denver. Polite formerly was employed with McDonnell Aircraft as an electronics engineer.

### HOME FROM HOSPITAL

Michael Hill, six-year-old son of Mr. and Mrs. John F. Hill, 2800 Birch avenue, is convalescing at home, where he arrived Thursday from the Jewish Hospital, St. Louis. The youngster underwent an artery during his seven-day hospital stay.

### ENTERTAIN NIEPHEW

THE "GOOD OLD DAYS" VS. TODAY'S PRESCRIPTION PRICE

In the old days, when you were hit with a serious illness, you might spend only a dollar for a prescription... but you were likely in bed for three costly weeks, had six visits from the doctor, lost a month's wages, took a whole assortment of other medicines, too. Was that cheap? Today, thanks to new drug discoveries, you need perhaps one visit from the doctor, fewer days in hospital, you're out of bed in a couple of days, back on the job in a week. Today's prescription costs you more, yes... and isn't it a bargain!

## World Women's Softball Champions Appear In Park Twin-Bill Thursday

Two of the nation's top women's softball aggregations, the Brakettes of Stratford, Conn., and the St. Louis Blues, took up in an exhibition game Thursday night at Wilson Park under the auspices of the Granite City Kiwanis club and the Granite City park district.

The sponsoring Kiwanis club's share of the receipts will become a part of the service organization's boys and girls work fund. Additional bleacher seats are being moved into place at the softball diamond for Thursday's activity, and a seating capacity of about 800 is expected. Tickets for the event are priced at \$1 each and may be purchased from Kiwanis club members.

The Brakettes have been world women's champions for the past two years, and bring an unblemished 190 record for the current season to the Granite City in making their first appearance here.

**Blues No Strangers**

The Blues are no strangers at Wilson Park, having appeared here in exhibition games in the past several seasons. Western

division champions and participants in the women's world tournament for the past three seasons, the Blues include two local players, Beverly Conway and Rita "Snooks" Hennessy, on the roster of the team.

The women's game will start at 7:30 p. m., to be followed at 9 p. m. by a men's exhibition game between Millie & Mickey's of Granite City, defending Class "B" state champions, and Thurners of St. Louis.

Thurners gave a good indication of the type of ball it plays by dropping a 2-1 decision after virtually an even game in the men's world champion Sealmasters of Aurora, Ill., two weeks ago.

The Blues—and spectators—will probably get a good look at all three members of the Brakettes' pitching staff, biggest reason being that this year's team is rolling along undefeated.

**Brakette Defeated**

Included in the trio are Joan Joyce, a 19-year-old from the 100 record and four no-hitters in the past season. Thurners, who has pitched 46

innings without allowing a run; and Bertha Ragan, the dean of the Brakette mound staff, and star and "most valuable player" for the last two years of the world tournament, where she compiled a record of eight wins and no losses.

Between them, the three pitchers have worked 135 innings this season, allowed just three runs, walked 35 and struck out 218, according to the latest statistics available.

Mrs. Ragan has been on the Brakettes active roster this year only since June 20, according to manager Vin Cullen. In the final game of the 1958 world tourney, after picking up three straight wins in extra innings, she collapsed and was carried off the field in an ambulance with a severe strain in her right side.

She and Miss Joyce are right-handers, while Miss Abernathy fires from the port side. In their exhibition tour this year—which takes them to Manchester, Mo., Friday night, incidentally—the Brakettes have been using all three pitchers in most games as a rule.

## Bill Page Throws No-Hitter At Pals In 10-0 Saturday Class 'B' Game

Modern Extremism, Rome & Roy's and Na-Bor-Hood Cut Rate League, maintained their 1-2-3 standings in the Granite City park district's Class "B" Softball league over the weekend.

Highlight of four games played on Friday and Saturday evenings was a no-hit, no-run mound effort by Rome & Roy's hurler, Bill "Satch" Page, against the Pals Saturday evening.

The winners took nine hits off Pals hurler Mike Schuler, who lost his second game in as many days. Page allowed only two base-runners, one on an error, the other on a fielder's choice. The game went only five innings

under the league's 10-run rule.

Last place Granite City Steel Credit Union forfeited to Lincoln Place in the second game.

On Friday night, the Extremists defeated the Snickys Padgett League, Thursday, Daybreak Optimists 5, Grand Cafe Rocket 10.

Juvenile Division, Dr. Coleman League, Thursday, Moose Club 272 12, Flyers 1.

Juvenile Division, Dr. Coleman League, Thursday, Moose Club 272 12, Flyers 1.

Na-Bor-Hood Cut Rate League also was forced to squelch a rally by the Pals in the second game before reaching a 4-3 victory as Bill Fawler tossed a four-hitter.

Trailing 6-1 in the sixth, the Granites got doubles from Glen Horn and Keith Mathinis and were working for two runs. Losing Pitcher Don Buckingham opened the seventh with a double and Mark issued another pass before he settled down to work out of trouble.

Seven extendered runners reached base or scored in the first before Buckingham came up with his first out pitch. The winners got their final tally in the second on singles by Ray Landis and Bob Jones and a two-base hit by Don Langston. Buckingham gave up only two hits after that frame.

The Pals solved Fawler for just four safe bolls, but all of them went for extra bases. Harold Ellis doubled in the first run, the same in the second. Bill Morris tripled and came home on Joe Linhart's sacrifice fly in the fourth, and doubles by Linhart and Fred Tritschner produced the losers' final marker in the seventh.

Na-Bor-Hood scored two in the third on two errors, a wild pitch by loser Mike Schuler, two walks and a single by C. P. Dameron. They tied the game in the sixth on Adrian Rains' sacrifice, a sacrifice, wild pitch and Jake Hinters' one-base boll.

Schuler allowed four hits, all singles, but Fawler bested him in the duel by striking out 12 Pals batters. Schuler fanned four.

## Classic League Action

### Hagnum Posts Second One-Hitter; Spengler Oil, Millie & Mickey's Win

Nelson "Nellie" Hagnum pitched his second straight one-hitter and Harold "Port" Portelli, in his first mound appearance in the season, allowed just two hits as Spengler Oil and Millie & Mickey's scored six runs in Classic Softball league play Thursday night at Wilson Park.

Spengler Oil shut out American Legion Post 112 by a 4-0 count in the sixth frame, and Millie & Mickey's came from behind to trip the Ravens 5-4 in the second. The winners remain tied for first place in the league with 6-1 records, a tie which was broken when they met on July 23.

Post 112 pitcher Fred Harris picked up the lone hit off Hagnum, a two-out single in the fourth, and was cut down as he tried to catch it inside a double. The Legion's only other base-runner was a hit batsman in the third. Hagnum struck out nine and did not give up a walk.

**Brokaw Drives In 2.**

Mary Brokaw's first-inning single with the bases loaded drove in two runs for the Oilers. Hagnum all he needed.

Brokaw's hit scored leadoff batter Don Crabtree, who had singled in the ballgame, and Jack Scarborough, who walked with two out. Harris gave Grace.

Brokaw scored Spengler Oil's third run in the fourth after he had singled with one out and walked second, from where he crossed the plate on an infield error.

The winners' final run came across in the fifth when Art Borchers walked, took second on Walt Wilson's sacrifice fly and scored on Scarborough's single. The Oilers did not waste a single one of their four hits, each of which figured in scoring innings.

Portelli called upon as a pitcher for the first time this season.

Police said they pursued Koller's auto at high speed along Edwardsville road until it reached the 1500 block, where the southbound vehicle veered into the northbound lane and collided with another southbound car on a Route 111 viaduct over a railroad crossing near Poag road. He was treated at St. Elizabeth Hospital.

Reaching the top of the overpass, Corey saw the Elizabethville road crossing near the Reilly Ter & Chemical Co. resulted in emergency treatment at St. Elizabeth Hospital for Pete A. Nickolish, 30, of 2817 Wayne avenue at 11:45 p.m. Thursday. He was released after treatment for abrasions to his left knee, a lacerated nose and left ear.

Nickolish said he saw the flashing lights but thought the train had already passed. Possibly a total loss, the car had to be towed from the scene.

Nickolish had been driving north and the train, with Harold K. Swilley, 2203 Morris street, as engineer, was headed east.

# Mercer Humbles Highland 22-5; Hearts 3-2 Winners

Turning up for next Sunday's inter-division star game in Maryville, Mercer Funeral Home bombed three Highland pitchers for 25 hits yesterday afternoon on the VFW field in the course of a 22-5 romp in a Southwest Inter-City Baseball league game.

Granite City's second I-C representative, Sacred Heart, again fell back on the strong right arm of Bob Page and downed White City at Wilson Park 3-2 the same afternoon.

Both clubs remained in the running for their respective division championships as a result of the victories. Mercer stayed in a two-way tie for first place in the Blue division with McAteer Glass of East St. Louis; the Hearts remained one game back of Red loop leader, McMackin Buick of Collinsville.

The Buckle-down slumping State Savings and Loan of East St. Louis 3-2, and the Glassmen topped Carpenter easily, 16-2. Lowly Trojans of Maryville 14-0 in the fifth game Sunday.

The Trojans had won only two games during the entire 1959 season and the portion of the current schedule played, both of them by forfeit.

Andy Angeloff had little trouble in picking up his fourth win to go with one defeat in the Mercer-Highland game. He gave up 10 hits, but got tremendous support from his teammates at the plate.

effort in a single game in the league this year. Parmley, who went hitless his first three times at bat, drove in four runs with two sacrifice flies and an infield out in another game oddly, O'Master had four hits, and Crabtree and Modrusich three each.

It was all Bob Page in the Hearts' game with White City. He upped his win total to eight in this year—and struck out 10 White City batters in the process.

The Hearts got a single marker in the first and the game went into the seventh tied at 1-1 after the host team had pushed across a single tally in the third. Jim Falk, who had a perfect 3-for-3 day at the plate for the Hearts, drove in an important run in the top of the seventh as the Granite City team took the lead for keeps with a pair of runs.

White City threatened in the last of the ninth but Page weathered the storm after the losers had scored once. The Hearts totaled eight hits, remained one game off the pace behind McMackin Buick in the Red division.

The Trojans had won only two games during the entire 1959 season and the portion of the current schedule played, both of them by forfeit.

Andy Angeloff had little trouble in picking up his fourth win to go with one defeat in the Mercer-Highland game. He gave up 10 hits, but got tremendous support from his teammates at the plate.

## Belleville Hilgards Oust Post 113 In Junior Legion Playoffs 8-7, 3-1

Belleville's Hilgards repeated as 22nd district Junior American Legion Baseball league champions by downing Matthews Chevrolet American Legion Post 113 of Granite City in two straight games, 8-7 and 3-1 over the weekend.

It marked the second straight year that the Hilgards, champions of the southern division, had knocked Granite City out of the district playoffs in two straight games.

Post 113 presented the first playoff game, played here Saturday afternoon at Wilson Park, to the Hilgards as "gift." Belleville scored six runs in the first inning on five Matthews errors and two base hits, and the local Junior Legion came back strong to tie the game in the third on three hits.

Granite City's third baseman Mike Wittlich nullified all the efforts with a

## 9th Straight Victory For Briggs In Tavern Loop

Homestead 7-4 behind the eight hit pitching of Gene McMurry and a three run homer by Joe Siowron. Bob Pare had a pinch double for the winners, while Harold Portell and Frank Orris each hit safely twice for Green Hall. Orris was the catcher.

Joe Mikol homered and tripled for Bookies in a losing cause. Ray Mikol had two hits in two trips. The loss was pinned on John Webster. Bud Grimes caught for Bookies Homestead.

Sportsman's Club moved into a tie for third place with a 10-0 win over last place Club Delmar. Jim Goodrich pitched a three-hit shutout, while Sportsman's Club batters got to

Harold Schmitt for 17 hits. They included a home run and triple by the Bauer, three hits each by Bob Dant, Chuck Outland, Ralph Morris and Goodrich. George Vivod was the Sportsman's catcher, while Charles Miller worked behind the plate for Club Delmar.

**Blues Upset Winners**  
Home of the Blues upset Dick and Ediths 6-5, despite being out hit 11-7 by the losers. Tom McGee got credit for the victory, with teammates Buddy Starnes, who caught, and Ted Sabo, each rapping a pair of hits. Harold Thebeau was the losing pitcher. John Crnkovich had two hits, including a home run, and Clayton Harrison also hit safely twice for Dick and Ediths. Andy

run-scoring single to give the Hilgards their final one-run margin.

**Suess Hitting Star**  
On Sunday in Belleville, Mathews ran into Bill Dill, who twirled a five-hitter and shut out the locals in all but the second frame. In that frame, Mike Suess, a hitting star throughout the playoffs, opened with a single, moved up on a sacrifice and scored on Ken Cook's single.

Belleville scored all three of its runs in the same inning off left-hander Joe Holder, who started the Saturday game but was lifted by Manager Joe Summers after Post 113 fell behind in the first, through no fault of Holder's.

Two singles, two walks and an infield out were all the Hilgards needed for a victory. Holder also shut the host team out in every inning but the second, giving up a total of five hits.

Onych was behind the plate for the losers.

Mary's Place moved closer to the first division by topping Jolly Mill 6-3 in Sunday's fifth game. John Allen and Steve Hardekly's six-hitter with three hits each, while Glen Combs had two hits, Combs splicing in a doublement for Mary's Place.

Floyd Barnett was the losing pitcher. His catcher was Foster Fredericks. Bob Brazel came up with two hits for the losers.

In a May game which had been protested and was replaced from the fourth inning Sunday before the regular game, Mary's Place came out on top 6-5, with Frank Scarsdale's two-run double the deciding hit. The game had previously been called as being won by Jolly Mill.

Helping hold a large catch of the lake are (left to right) his grandchildren, Leslie, Claudia and Keith Thompson, all of Granite City, Mrs. Mulholland and Mulholland.

## Stewart Brothers Dominate Micro Races Here Sunday

Wood River's Stewart brothers continued to dominate racing sessions held at the local Chain-of-Rocks Micro-Midget Speedway Sunday night.

Clyde Stewart came home first in the 30-lap feature event after Charles Milam of Granite City had led for the first 29 laps. Milam was forced out when his car overheated.

Clyde Stewart also won the fourth heat race and brother Floyd finished first in the second heat. The trophy dash, first event on the program, was won by Fred Reor of Granite City.

Bob Hunt of Cottage Hills took the first heat and Reor came back to win the third. Quarter-midgets, driven by youngsters between the ages of seven and 15, again ran three heat races for the fans between micro-midget events.

Local club members will enter their cars in an exhibition heat race Saturday night at the midget auto races being held at St. Charles, Mo., and have scheduled the regular six-race card at the local track Sunday evening, with time trials at 7:30, the first race one hour later.

## Shriners Back From Denver Convention

Eighteen Quade-City Shriners and their wives attended the organization's 86th Imperial Council session in Denver, Colo., ending Thursday.

Attending the four-day convention were 15 members of various uniform units and three wives. Nobles from Granite City and members of Almad Temple who went were Roy Wilman, Jr., captain of the temple guard and his wife, Margaret; Wesley Dudley and Henry Reiners, members of the temple band; John Soroka, Robert Voss, Walter Cant and George Sturmon of the Almad patrol, and Mrs. Sturmon; Chantler George Schumacher and wife, Mabel; Vernon Cherry, Al Barberi and Leo Vasiloff.

While in Denver, Mr. and Mrs. Wilman, Mr. and Mrs. Schumacher, Cherry and Reiners visited two local residents, Noble Ross Parsons and Mrs. Bill Buente, who are patients at the St. Louis chiropractic hospital.

Also in the group was Cherry's sister, Mrs. May Turner, formerly of Granite City and now of Springfield, Ill. Two six-hour parades highlighted the convention, with

## 19 Students Awarded County Scholarships

Nineteen Quad-City students are among the 74 winners of county teacher education scholarship for 1960, entitling them to attend, tuition-free, one of the five state teachers' colleges in Illinois for four years. County Superintendent of Schools Wilbur R. Trimpe announced today.

Awarding of the scholarships will take place at a ceremony at 4 p.m. on Aug. 4 at the Edwardsville high school cafeteria. Roymond Dragich of Madison, assistant county superintendent, will present the awards.

Winners of the scholarships from Granite City are Carol Miller, 2119 Delmar avenue, Patricia Fyrite, 2661 East 28th street; Diana Hillen, 2125 Richmond avenue; Bonnie McRaven, 2221 Bryan avenue; Peter M. Genova, 2111 Wilson avenue; Carole Sue McDonald, 2012 Pine street; and Nancy L. Oehlcker, 2401 Hemlock avenue.

Madison area winners are Carolyn Johnson, 613 West Third street; Maurice Bevil, 1717 Fifth street; Leonard Gnojewski, 1610 Fifth street; Sharon Sorntson, 1801 Market street; John Hutchings, 1618 Third street; Paul Brawley, 1011 Sixth street; Thelma Turner, 228 Terry street; and Elljah Gordon, 108 Curtis road.

From Venice, the winners are Darlene Moreland, 622 Lincoln avenue; Anita Svezia, 519 Broadway; Clarence Hand, 431 Lincoln avenue; and Christine McGone, 118 Dixon road.

The colleges from which the students may choose are Illinois State Normal University, Northern Illinois University, Eastern Illinois University, Western Illinois University and Southern Illinois University (including the Southwestern Illinois centers at Alton and East St. Louis).

Trimpe also announced that one additional scholarship is available this year due to the increase in the county's population.

## Breakdown of July 4 Celebration Spending

Of \$7560 gross receipts from the four-day July celebration sponsored by the Granite City park district, rides accounted for \$5079 of the total intake, it was announced today by Harold E. Brown, chairman of the celebration. Net profits for the entire festival amounted to \$941.

A program booklet will account for \$1965 of receipts as soon as all advertisers make their payments. For rental of 15 concession stands, the park district received \$480. For use of a car and truck for the St. Joseph and Troy celebration, \$68 was received.

Rides also accounted for the greatest expenditure with \$3809 turned over to Buff Hottle shows. The company agreed to furnish rides in return for 75% of the proceeds.

Ranking second in expenditures was a bail from the Wisconsin Fireworks Co. for \$1000 worth of glittering sky-fire and smaller-scale explosions.

Printing costs were \$461 for the 32-page programs distributed at the celebration, which summarized the history of the Granite City park district from 1921 to the present time.

Nineteen vendors were worked by park police during the celebration at \$1.25 an hour for a total of \$168. Maintenance clean-up crews labored 64 hours at \$1.50 an hour for \$96, and a maintenance electrician put in 48 hours at \$1.50 for \$72.

Job's Daughters received \$100 for working in ticket booths. Miss Cooper earned \$50 as master-of-ceremonies for the street dance. Walt Aerns picked up a \$75 check for a band from the Ozark Synchronized swim show and George Abel, talent show MC, each received \$50.

Mr. and Mrs. Gerald Singleton, 2812 Edgewood avenue, had as their guests this week Mrs. and Mrs. Robert Kemper and the Roberts of Galesburg, Ill. The guests returned home Thursday.

Mr. and Mrs. Paul Westphal and children, Sharon and Roy, 2813 Edgewood avenue, returned this week from a two-week vacation in Tennessee, visiting Mr. and Mrs. J. J. Watkins and Paul Westphal Sr.

Mrs. B. W. Ahrens, 2836 Edgewood avenue, was guest Wednesday Mr. and Mrs. David Walt and twins Karla and Kevin, of Lincoln, Ill. The Waltas are former Glenview area residents.

Mrs. Mary Scarborough, 2821 Edgewood avenue, returned home Wednesday from St. Elizabeth Hospital following a brief stay in the hospital.

## SOCIETY

Achievements  
Viewed At Local  
4-H Club Program

The Fifty-Eighters 4-H club held its "Local Achievement Program" Thursday evening in the youth center of St. John United Church of Christ, with approximately 80 members and guests viewing the evening's activities.

Eula Mullen, president of the Senior Fifty-Eighters, welcomed the guests and presided over a business session which preceded the program.

Feature attraction was a dress review in which members modeled various garments they had fashioned themselves, with additional demonstrations by Linda Mullen, Eula Mullen, Mary Jean Miller, Kathy Brave and Grace McCance.

Entertainment was provided by Barbara Lerch, piano solo; Sandy Kelly, a reading; Marilyn Bondegard and Barbara Barton, vocal duet, accompanied at the piano by Karen Bondegard; and in conclusion, a comedy act entitled "Horse".

by Elaine and Diana Tadlock, who will appear at the county fair at Highland on July 26. Marilyn Bondegard and Eula Mullen served as commentators for the dress review. In appreciation of her efforts for the local 4-H club, Mrs. Robert Brave, leader was presented with a gift.

A special award ceremony was conducted for girls who exhibited projects at the County Achievement show, held in Edwardsville last week.

Those who received ribbons included Eula Mullen, four blue ribbons, two in the category of food projects, one in candles and one in advanced table covers; Donna Willard, blue ribbons in foods and baby sitting and a red ribbon in table covers; Marianne Wagner, blue ribbons in photography and foods and a red ribbon in flower arrangements and candles; Kathy Brave, blue ribbon in table covers and two red ribbons in foods and photography; Carol Ann Luer, blue ribbon in flower arrangement; Mary Jean Miller, blue ribbon in photography; Grace McCance, Gail Hildebrand, Diane Kinney, Donna Kinney and Barbara Lerch, all blue ribbons in table covers; Elizabeth McDonald, Karen Bondegard, Karen Thomas and Linda Mullen, all blue ribbons in food; Edna Winterberg, Marilyn Bondegard, Barbara Barton, Phyllis Willis, Linda Buford, Diana and Elaine Tadlock, all red ribbons.

### New Vets' Laws Extend Survivor Benefits

Six new laws affecting veterans and their dependents have been enacted recently by Congress and approved by the president.

Robert M. Fitzgerald, acting manager of the Veterans Administration's regional office in Chicago, has itemized them as follows:

1. Public Law 86-490 provides that if a veteran submits proof of dependents within 60 days of notice that the evaluation of his service-connected disability is increased to 30% or more, the additional compensation for the dependents will be paid from the date of evaluation instead of the date proof was received by the VA, as the previous law required.

2. P.L. 86-491 makes uniform the marriage requirements for widows entitled to death benefits under either death compensation or dependency and indemnity compensation. For death compensation, it extends from 10 to 15 years the time limit within which the widow must have married a veteran who later died from a service-connected cause following the termination of service in which he sustained his service-connected disability. This law does not affect a widow who qualifies because she was married to the veteran for five years or where a child was born of the marriage.

3. P.L. 86-492 allows a widow eligible to receive dependency and indemnity compensation, based on the rank of the deceased veteran at the time he was separated from the service, to have the benefit of a higher rank than that at time he left the service, provided he held it for six months at least and was holding it within 120 days of the date of his separation or death.

4. P.L. 86-494 provides that survivors of Navy enlisted men, who died as a result of aviation accidents between October 8, 1940, and August 3, 1942, while training to become aviation cadets, may apply for \$10,000 gratuity National Service Life Insurance, less the amount of government insurance in force. Payment will be made to survivors but not to estates.

5. P. L. 86-495 prohibits payment of benefits other than insurance to any child on account of the death of more than one parent in the same parcel of land following the date of the law June 8, 1960. The prior law would allow a combination of payments from a parent's death and a step-parent's death in some cases.

6. P.L. 86-497 authorizes waiver of premium payment to be granted, upon application, to totally disabled World War II and Korean veterans, who became totally disabled in line of duty after making application for insurance and prior to the date their insurance became effective. The waiver of premiums renders the insurance inoperative while the waiver is in effect.

### Three-Car Accident

Granite City police arrested Mrs. Mary Fernandez, 59, of 1746 Poplar street, at 5:18 p.m. Thursday on a charge of following too closely after a three-car accident on Niedringhaus avenue 300 feet east of Walnut street. She posted her driver's license as bond after the accident, which also involved Roy Street, 26, of the 20th Engineers, Gunners Depot, and Perry Allison, 23, of Headquarters Company, Engineers Depot. All were headed east on Niedringhaus, and a chain-reaction occurred.

### THE MAN OF THE WEEK

"I have money for everyone!" — says friendly manager  
**HARVEY MILLER**

"I like people and want all the folks here and in nearby towns to come in and get acquainted. You'll like me — and I've got plenty of cash for you, any amount from \$10.00 to \$800.00 with payments to suit your income."

"If you wish, try a 'Get-Acquainted Loan' of \$100.00. Walk out with the cash in your pockets in 10 minutes. If your car payments or other payments are too high, I'll try to cut them in half and advance you additional money besides, or pay up your bills, make your payments smaller — have only one place to pay. Phone first, if you wish. Easy as A-B-C. Just call up, tell me the amount you need, then stop by for the money. Ask for me — Harvey Miller, Reliable Loan Corp., 1405 19th street, Granite City, Ill. Phone TItle 6-5050."

### OPPOSES COUNTY HEALTH DEPARTMENT

In reading and hearing about the proposed county health department, if you have received, are read articles passed out on this, it sounds as though we can't survive without this program. It's nothing we're not getting now.

As far as cleanliness, our county or state has the power to enforce this as they see fit. Is this department going to help everyone?

If not, why should the taxpayers pay for something they don't get? This 5% per cent tax increase; is this for a limited time or forever? This project will start with a few people; then what?

Taxpayers, this could be another problem such as our levee board. There might also be a clinic built which could cost a lot. We were caught sleeping when our out-of-pocket fire house was built. Let's not get caught again.

What about the health department in East St. Louis? Check and talk with those people. Or better yet, look around and see for yourself. How much did this cost them?

We read in the paper were taxes might be cut next year. How can they, with all the projects in the making. If all these are voted in, surely taxes will rise, and with these rising taxes you'll find more to pay for signs on houses.

We are always told the good side, not the bad parts until it's too late. As we know, election time is near and we hear a lot

of promises. Are these promises to help and benefit all the taxpayers as a whole? They aren't when it means higher taxes.

What does a retiring person have to look forward to on his small monthly income? He can't have much of a social life, because he has to put aside for taxes. Remember, we will all some day be retiring.

David Hammond,

### THANKFUL FOR CLOTHING FOR OKINAWA CHILDREN

I would like to use the Forum to say "Thank You" to the ladies of the 1st Baptist Church, Dress Club and everyone for the wonderful help I received after the write up in the (June 12) issue concerning the plea from my son Pfc. Bert Eugene Jones in Okinawa for clothes for the children of Okinawa.

With the financial help we received, we were able to take and send approximately 78 or 79 lbs. of new and used clothing. I'm sure everyone who helped feels good to know that some children and parents will be clothed and warm this winter.

They say charity begins at home. Well maybe it does, but that doesn't keep us from extending a helping hand whenever and wherever we can.

So once again, for my son and myself, may I say thank you to Mrs. Betty Hayes and Mrs. Alice Hill.

MRS. AMOS JONES,  
2748 Harding Blvd.,  
Granite City, Ill.

### Over 2500 At Bazaar

Between 2500 and 3000 persons attended the St. Mark's picnic and bazaar over the weekend.

Roy Musick, committee member, reported today. The three-day event was held on the grounds of the Venice church.

### Charge Against Driver

Charles Reed, 2028 Sixth street, East Madison, was booked at the Granite City police station at 3:23 p. m. Sunday on a charge of improper passing.

He was released pending a hearing this week.

### Traffic Charge

Arrested at 11:35 a. m. Saturday for passing a stop sign at Third street and Alton avenue, Madison, William E. Smith, 30, of 2728 Birch avenue was released on his driver's license to appear for a hearing July 22.

**PROTESTANT WELFARE VOLUNTEERS** sorting clothing to be distributed to needy families. From left to right are Mrs. Anita Kolesa, Mrs. Marie Whittle, Mrs. Theresa Daig-

ge and Miss Virginia Segar. The clothing is stored in a warehouse at the rear of the welfare office, 2052 Edison avenue.

**GOING OVER FILES.** Mrs. Marie Whittle, office secretary for Protestant Welfare, reviews recent assistance cases. Over 1000 persons were assisted last year. Counseling is provided by Quad-City ministers.

### Supported By United Fund

## Protestant Welfare Aids In Emergencies

Large-scale emergencies, such as the earthquakes in Chile, are infrequent and well-publicized. But the individual emergencies — financial and domestic — which reach public attention although they occur every day.

To meet such personal crises, Protestant laymen in 1954 set up Protestant Welfare, a United Fund agency now located at 2052 Edison avenue.

Under the compassionate eye of the secretary, Mrs. Marie Whittle, nearly 1000 Quad-City persons are aided each year in areas which cover most every emergency a person or family might encounter.

Supported almost entirely by funds contributed to the United Fund, Protestant Welfare last year assisted 975 persons with clothing, medical bills, job selection and transportation. In addition, ministers in the area serve as counselors in a rotating arrangement.

**Quick Response To Need**  
Consisting of mainly volunteer work, the agency is able to assist persons in the difficult

period after an emergency has struck but before state or federal aid can be obtained.

One young housewife in a Granite City subdivision explained that when her first husband left her and their three small children, she was without money for food for almost a month while waiting for aid to dependent children to be granted. But in the interim, Protestant Welfare took care of her bills.

Supplied by people throughout the area, the clothing the agency is able to distribute often keeps children in school, Mrs. Whittle said.

If parents are unable to dress their children as well as the average boy or girl, the children become self-conscious and reluctant to go to school, but their whole outlook is changed when they receive adequate clothing, she commented.

**Furniture donated**  
Furniture donated by patrons is distributed to families whose belongings have been damaged by fire, storms or other disasters. "We seldom have the furniture very long," the secretary said.

Among the various services

the agency performs are giving aid to transients, suggesting job opportunities in the area, sometimes providing transportation to clinics in St. Louis and counseling families about financial, marital or child-care problems.

Each morning and for appointments, a minister is available to discuss problems and suggest remedial steps.

Serving all in need, Protestant Welfare has aided Catholics, followers of non-Christian religions and many of no faith, as well as many Protestants.

**Plan Foster Home**  
Hoping to create a foster home soon, the agency moved to its present facilities, a two-story former residence, in the fall of 1959. A rear room serves as storeroom for clothing, while the basement holds the furniture.

The only paid worker, Mrs. Whittle came to the agency in 1956 after five years as a worker with the Coordinated Youth Services. Assisting her are about a half-dozen volunteers she describes as "dependable at sunrise."

William T. Harris of the National Lead Co. is president of the agency.

## Proposed County Health Is Debated

Granted that a better health program is needed in Madison county, is the establishment of a county health board the answer? Would such a board merely duplicate the work of existing offices, thereby wasting taxpayers' money? Or would it instead meet the need at a reasonable cost?

These and other questions were debated with gusto Thursday night at the Elks Club when backers of such a board met with about 20 representatives of local groups to encourage enthusiasm prior to a petition-filing drive.

Spokesmen both pro and con took the proposed board apart piece by piece in a debate lasting nearly three hours, and finally decided that certain questions may still need more exact answers. It was suggested that a citizens' advisory board be appointed to investigate the existing services more fully, but no action was taken.

A bulletin distributed by the committee at the meeting describes a county health board—what backers hope to have included on the Nov. 8 ballot—as included on the Nov. 8 ballot.

which concerns itself exclusively with the protection of all citizens against sickness and death caused by public health hazards, and with the general promotion of sound health practices and procedures.

**Consolidate Services**  
Milton Morris, planning committee member and moderator at the meeting, further described the proposed board as a "consolidation of present health services" which could either "go away" with the existing Granite City health department or merge with it.

About 5000 signatures are required, or 5% of registered voters in each township being covered by the committee, to get the board on the ballot. This would mean 1025 from Granite City township, 225 from Nameoki, 50 from Venice township and 140 from Chouteau. A total of 36,802 registered voters exist in the Quad-City area, according to figures compiled by Miss Eulalia Hotz, county clerk.

First phase of the meeting was showing of about 100 color slides, narrated by Morris, depicting unsavory health conditions in this area that "need to be corrected because of the danger to the community as a whole."

Morris pointed out good and bad angles of having an abundance of water in the area. "We're living and working in an area that is basically swamp-land surrounded by bluffs. We have what most cities would give their right arm for—abundant water. Industries like Granite City Steel Co. can grow and prosper here, but the abundance of water can also create health problems."

**Present Facilities**  
G. W. Hoelscher, manager of the East Side Manufacturers Association, contended that facilities for effective health control already exist in the county. If they are mismanaged, the answer is not a completely new system, he said.

"I can't tell people who ask me that we're going to have milk inspection with the health board when we already have it," Hoelscher argued. He said that not only milk inspection, but also mosquito control, restaurant inspection, a smoke ordinance and other proposed board controls already exist.

Backers of the board countered that, on the contrary, once established it would eliminate rather than add to duplication because of centralized control. Another unanswered question, so far as the opposition was concerned, is where the board would get its authority.

Attorney Maurice Dailey said the authority would exist if voters elected to have it exist.

**Picture Of Conditions**  
During the slide showing Morris pointed out such areas as: Eagle Park Acres, where local pump water is condemned for drinking and safe water has to be carried as far as a mile and a half.

**Rabies Control**  
Wild bands of dogs, some of which roam auto junk yards. At present there is inadequate rabies control in the area, Morris said, because if dog owners do not volunteer their dogs for inoculation they are not treated.

Opponents, in answer to what they termed an "irrelevant" showing of slides, questioned whether such an area as Eagle Park Acres is not a problem of the state rather than the community; and that the establishment of zoning laws would prevent such areas from developing.

Backers agreed that zoning laws are the long-range answer, and that the proposed health board would work "hand in hand" with the community in seeing that such restrictions are established and enforced.

Morris said the city of Venice could save \$50 a day currently spent for collection of garbage by installing or requiring that garbage disposal units be installed at each dwelling.

**Distribute Petitions**  
At the close of the meeting, Dailey explained the procedure for properly validating petitions, which were distributed along with circulars explaining the health board to those attending. The petitions must be completed and submitted two months prior to the election.

Local health units, with a "watchdog" health department backed by sufficient funds for constant testing and inspection, are the only guarantee that common-sense health rules will not be broken and endanger the community, it was said.

Such is the contention of the National Health Council, such is the contention of area backers of the proposed county health board.

**Various authorities have been set up by the legislature, he said, including authority to investigate health hazards and use court action if necessary.**

**"Afraid Of Frankenstein"**  
"The people in Madison county are afraid of creating a Frankenstein with this," Dailey said. "But a health board can be dissolved the same way it comes into existence. Unlike city offices, an equal number of signatures on a petition can dissolve it."

To the question of where a guarantee of health quality through the health board would come from, backers pointed out that the board of health itself would hire and fire personnel, not some political body.

Cost of the board to the taxpayers would be relatively slight, it was said. A rate in excess of other rates of not to exceed five cents would be allowed.

A health board with a staff of about 94 is recommended for an area with the population of Madison county, it was reported. Management of the proposed board would be by non-salaried citizens appointed by the county board of supervisors.

Two members would be by phone clans, one would be a dentist and one would be a member of the county by phone clans.

**Seven Point Program**  
The board would attempt to protect community health through a seven-point program: 1. Keeping accurate records; 2. Controlling communicable diseases; 3. Enforcing sanitary regulations; 4. Operating pre-natal clinics and child health centers; 5. Maintaining testing laboratories; 6. Conducting a continuous health education program; 7. Fighting chronic disease.

Although such voluntary groups as the March of Dimes and Tuberculosis Association are "tremendously effective" backers of the county health board maintained that there are still many gaps not covered by such groups.

To fill such gaps, a full time professional staff comprised of a public health officer, as many sanitation officers, public health nurses and other health specialists as are needed, plus a clerical staff, would be utilized.

Health rules would be made by the county supervisors on recommendation of the county health board.

## Open County Day Camp For Crippled Children

A day camp for crippled children, jointly sponsored by the Madison County Association of the Crippled in cooperation with the Alton Junior Service League, opened today at Monticello College and will run for two weeks. It will be known as Camp Easter Seal and persons desiring information on it may contact the County Easter Seal Center, in Alton.

The recreation program this year will highlight several new activities, among which will be water safety instruction, ceramics, and art classes utilizing such media as chalk, charcoal, water-color, and oil.

The camp is largely staffed by volunteers. Organizations and individuals have pledged their assistance at the camp and with transportation.

At least one registered nurse will be in attendance each day. Ministers of various denominations from the Quad-Cities, Alton, Wood River and Godfrey will start each day with a prayer. Camp will be in session from 9 a.m. until 3 p.m. Both occupational therapy and speech therapy will be given daily during the ten-day period. Applications are still being accepted. Mrs. John Roach, the camp director, said:

"The value and importance of this kind of experience for handicapped children has been dramatically demonstrated over the past four summers," Mrs. Roach said.

Miss Phelps graduated from SIU June 15 with a major in elementary education. While at SIU, she was a member of the student council and participated in other school functions. Her parents are Mr. and Mrs. Earl Phelps of Granite City.

## New University Needed In Order To Accept All Qualified Students

New information continues to illustrate why the proposed new university east of the Quad-Cities is vital to this area and the entire state. Doors of the University of Illinois and Southern Illinois University may be closed to some qualified students if voters turn down the \$195,000,000 bond issue in November. The bond issue would provide funds for construction of the new university and additional buildings for all six state-supported universities.

In appearing before the Taxpayers Federation of Illinois to seek support for the referendum, officials of the University of Illinois and SIU pointed out that facilities will not be adequate for the growing student enrollment if the institutions must rely solely on current revenue.

John Rendleman of SIU noted that one-third of his university's space today is in temporary, worn-out buildings and that classes must be conducted from 8 a.m. through 9 p.m. to accommodate all students. Requests received for dormitory rooms for the quarter will attend SIU this fall were sufficient to fill the quarters by last February.

The governor told the federation that the bond issue is the "only reasonable means" by which adequate facilities can be provided. "This is an insurance policy to see that we have adequate higher educational facilities" to meet future enrollment demands, he asserted.

It is important to note that the bonds would be retired not from a new tax, but from a bond and interest fund supported directly by the state's general revenue fund.

## Mobile Missile Launching May Ensure U. S. Retaliatory Power

The best defense is a good offense, many football fans believe. While war must not be allowed to begin again, it is of top importance that this nation maintain a strong deterrent force.

Multi-million dollar installations for ground-fired missiles are too easily sought out by enemy agents to justify sole reliance on them. An interesting new development is the start of testing by the Strategic Air Command to determine feasibility of a new idea in defense—use of moving railroad cars as launching pads for missiles.

It would be impossible to pinpoint such mobile launching stations, and the plan might well eliminate the need for an around-the-clock alert in which planes are kept constantly in the air. Such an alert, while not in full operation now, has been proposed due to one of the air command's thorniest problems—the fear that our retaliatory power would be eroded by a surprise enemy bombardment.

The basic air alert is to be continued until the mobile system or some other effective method of retaliation has been perfected. General Thomas S. Power, SAC chief, has reported. The mobile launching proposal calls for each train to carry from one to several missiles. It would look like any other train, but would move through the countryside on unpredictable, erratic schedules.

Many defense planners have concluded that the mobile launching plan can "present an almost insurmountable targeting problem for a potential enemy."

## Long-Term Unemployment Down, Number Working At All-Time High Of 68,579,000

Unemployment soared to 4,423,000 with an increase of 964,000 in June. Yet, at the same time, the number of persons employed rose by 1,371,000 to an all-time high of 68,579,000. The previous record of 67,600,000 was set in July 1959. The apparent paradox is explained by the fact that more than two million teenagers joined the labor force.

The U. S. Labor Department estimates that 800,000 of the increase in unemployment occurred among teenagers and another 100,000 among 20-to-24-year-olds. More than half of the new job seekers were successful in finding work.

Alarmists have noted that the unemployment rate jumped from 4.9% in May to 5.5% in June. This means that 55 of every 1000 persons in the labor force were job hunting last month, and this was the highest unemployment rate since last December. Seymour Wolfbein, the labor department's job expert, rejects the suggestion that the increase in joblessness is a sign of impending recession. He says the change reveals no basic improvement or deterioration, adding that the number of insured unemployed, which does not include new job seekers, fell seasonally by 130,000 in June to 1,600,000.

Long-term unemployment, of 15 weeks or more, declined seasonally by 104,000 to 816,000. This was 100,000 less than in June 1959, indicating that all is not as dark as it might seem.

## Local, State Funds Combined To Meet Mental Health Clinic Costs

The \$40,000 state grant for 1960-61 operation of the two mental health clinics in Madison County recognizes the fact that they have been established and already are performing an important public service. Since the Alton clinic opened last November and the clinic in Granite City last January more than 1000 interviews have been conducted.

Through the United Fund, other contributions and membership fees of the County Mental Health Society, over \$20,000 is to be raised for operating costs and equipment this year. However, the salaries necessary for full operation of the clinics would be prohibitive if they had to be financed by local contributions. For this reason, the state grant is of great importance. The \$40,000 from the state represents the cost of two psychiatrists, two psychologists, two psychiatric social workers and two secretary-receptionists.

The state is to be commended for accepting the Madison county clinics for participation in its state-wide mental health program, and all those responsible for helping start the clinics merit congratulations for a job well done.

## Engineering Survey Progressing, Will Show Type Of Drainage Needed

It is good to know that work is progressing satisfactorily on the engineering survey for a master sewer and drainage program in Granite City. The heavy rains occurring this summer have served as a reminder of the great need for a comprehensive drainage program here.

The survey is a large undertaking but is necessary to determine how much and what type of drainage lines are needed. The federal government considers

## 'Music Under The Stars'

## Stephen Foster Operetta Next Monday, Tuesday

Performances of an operetta entitled "The Life of Stephen Foster" will be presented next Monday and Tuesday evenings by soloists and a mixed chorus of 25 voices taking part in the Granite City park district's "Music Under The Stars" programs at Wilson Park.

The operetta will be presented at 8 p.m. both evenings on a stage erected near the 27th street and Delmar avenue entrance to the park, and is open to the public free of charge.

Warren Simpkins is musical director. Mrs. Susan Kiehlman drama director and Miss Phyllis Stout piano accompanist.

The musical drama is being presented in commemoration of the birth of Foster and will emphasize the great contribution he made to the folk music of

America," Simpkins said. Songs included in the operetta will be "Camptown Races," "Come Where My Love Lies Dreaming," "Thou Art the Queen of My Song," "Old Dog Tray," "Jeans with the Light Brown Hair," "Old Black Joe," "Oh, Susanna," "Beautiful Dreamer," "My Old Kentucky Home" and "Old Folks at Home."

The cast for the musical drama includes Keith Curtis as Foster, Joyce West as Mrs. Foster, Elynn Mae Ackerman as Jeanie, Julie Tempel as Susanna and Naomi Thomas as Miranda.

Guest performer will be Joe Schirmer, popular banjoist and St. Louis TV personality. Al Stevens III will perform a special dance routine, also from the operetta, in the "Music Under The Stars" presentation.

## Joseph Jackovich Jr.

### Leaves For Army

Joseph Jackovich Jr., 17, a June graduate of Granite City high school, left last week for basic training at Fort Leonard Wood, Mo., following his July 6 enlistment in the Army.

After Jackovich completes the eight-week training, his bride of one week, the former Miss Barbara Hoover, will join him. She is presently residing with her husband's parents, Mr. and Mrs. Joseph Jackovich, 2625 Madison avenue.

## Madison Avenue Mishap

Failing to yield the right of way was charged against Harold E. Newbern, 23, East St. Louis, Thursday when Granite City police said his northbound auto made a left turn into the path of the southbound car of Vincent Boyer, 16, of 1556 Johnson road on Madison avenue at 20th street at 4:40 p.m. Newbern was released after posting \$11 cash bond.

The study important enough to have provided the entire estimated cost of \$120,000. The Sheppard Morgan and Schwaab Engineering firm reports that field work is 80% complete and that other phases of the study also are moving along rapidly. The entire survey is expected to be completed by November, enabling a report to be submitted to the city government, which then can complete plans for a master drainage program election.

## Public Hearing On Venice Road Budget

The Venice township road and bridge fund budget for 1960-61, totaling \$26,190, will be taken up at a public hearing Friday at 7 p.m. in the township office in Madison.

Factors in this year's increased proposed budget, \$3605 over last year, are the addition of \$7233 for road maintenance and \$2018 for road oiling.

Proposed departmental totals show: \$15,320, road maintenance; \$7030, road oiling; \$1500, weed control; \$1800, administrative costs; and \$1000, contingencies.

Immediately following the road budget hearing, Highway commissioner Frank Kinack will take final action on the measure at a 7:30 p.m. meeting in the office at 1502 Fifth street.

## Gets Army Promotion

Guy R. Cooper, son of Mr. and Mrs. Guy R. Cooper, 2401 Adams street, has been promoted to specialist five at Fort Buckner, Okinawa where he is a member of the 104th U. S. Army Security Agency Detachment. He entered the Army in January 1958. The 20-year-old soldier is a 1957 graduate of Granite City high school.

## Child Eats Cold Pills

Pamela Vaughn, two-year-old daughter of Robert Vaughn, 3008 East 23rd street, was taken to St. Elizabeth Hospital at 8:30 a.m. Sunday after swallowing an unknown quantity of cold pills. Slightly affected by the pills, she was treated, kept under observation and then referred to a physician for examination early this week.

## MORE ABOUT

### Robber Nabbed

(Continued From Page 1)

known by police after previous arrests here, ranging from speeding to more serious charges. After making a statement admitting the robbery, Ishum was taken to the scene and re-enacted the events — even to pointing out where he had hid the ice pick behind a door. The ice pick was still there, in the club, police said.

**Actions Afterward**  
Police reconstructed Ishum's actions after the robbery as follows:

He fled on foot to Lee avenue, through a Granite City Steel Co. parking lot, and out onto 20th street at Omaha. He entered a confectionery there, bought a soda and telephoned for a cab. The taxi took him to a relative's house in Madison, where Ishum changed his telltale black-checked shirt and also counted the money.

He then ran from the house and to a tavern, where his suspicious behavior was reported to police.

None of the money has been recovered, Ishum says it was spent in a whirlwind spree of night club spending in East St. Louis and St. Louis, where he bought drinks for the house and "blew it."

He said he gave \$60 "to a friend" and another \$10 to an unidentified man who drove him from the tavern to Broadway in St. Louis.

**Membership Card Missing**  
A VFW membership card flashed by Ishum to get service at the club, has not been located, Ishum told police the card was from an Olney unit of which he is a member.

Chief of Detectives Lowder said police were about to call witnesses in to identify a photo of Ishum, obtained from Edwarsville police, when Ishum phoned the station surrendering himself.

Ishum was bound over to the grand jury after waiving a preliminary hearing and on Friday was being held in the county jail. Bond has been set at \$5000.

**KNIGHTS OF COLUMBUS** Council 7098 third degree officers are shown following their installation Thursday night at the K of C home here. From left to right in the front row are Oscar Reinhardt, treasurer; Oliver Delile, inside guard; Louis Biconic Jr., recording secretary; district deputy Frank A. Vanzo of Edwardsville, installing officer; Robert McCormick, grand knight; William Boerckel, chancellor; and Edgar Horton, lecturer and trustee. Second row, left to right, Frank Kraus, organist; Edward Lenzi, financial secretary; Marvin Boyer, advocate; John Soehle and representative from Edwardsville who assisted with the installation.

## NLRB Hearing Aug. 22 On Pontoon Beach Case

A hearing on an unfair labor practice charge against Teamsters Local 525 has been set for Aug. 22. The complaint, issued Thursday by Regional Director Salvatore Cosentino of the National Labor Relations Board, alleges an illegal jurisdictional strike on the Pontoon Beach waterfront line construction project.

The complaint alleges that the local caused work stoppages aimed at forcing E. A. Weinel, contractor, to assign certain work to members of Local 525. Some of the work already had been assigned to Hod Carriers Local 397 and Operating Engineers Local 520, a complaint related. It is charged that the union refused to comply with a June 20 NLRB decision that it could not force the contractor to give work to its members.

Construction work was completed June 24, with only "clean up" work remaining. It was financed by the Pontoon Beach Public Water District through a federal loan, and the cost was \$243,792.

## Electric Firm Submits New Offer

Negotiating committee representatives of Local 148 of the International Operating Engineers will submit "revised" Union Electric Co. offer to rank and file members of the union at separate meetings tomorrow and Wednesday.

The Local 148 membership returned a strike vote, its second since negotiations between the union and the electric company concerning a new contract were broken off, on a company proposal Thursday afternoon, but workers have remained on the job pending further negotiations.

## Two Caught During Theft

(Continued From Page 1)

ed thieves entered the Plaza Tavern, Selb and Logan streets, Otis Butler told police. Taken from a container on the bar was \$50, but \$75 in the cash register was untouched. The robbery occurred either late last night or early this morning.

A burglar used a knife to open the back door, entered the bedroom and took \$50 from a Bible at the home of Mrs. Virginia Kohrman, 2206 Nevada street, about 2:30 p.m. Thursday. The money taken was two \$20 bills and a \$10 bill, she reported to police, and the theft apparently occurred within a span of 25 minutes when she had left the house.

**Construction Equipment**  
A two-ton journal jack, two shovels and picks were reported stolen Thursday from the construction site at 1331 Pontoon road by the Midwest Masonry and Construction Co., 1914 N. 35th street, the Washington Park. The theft occurred July 7, the report said.

**Boat Accessories Stolen**  
Thieves took about \$25 worth of accessories from a 16-foot boat owned by James L. Flowers while it was parked on a trailer in front of his house at 1004 Greenwood street, Madison, Thursday night, he reported to Madison police. In addition, about \$75 damage was done to the boat when the thieves broke a 15-foot cable in attempting to break loose the attached 60-horsepower outboard engine. Items stolen were a pair of water skis and an outdoor cooler.

**Tools, Pistol Taken**  
Someone pried open the trunk of an auto owned by Gerald Angle at 2625 W. 22nd street early Saturday morning, it was reported to Granite City police. Taken were a box of auto tools valued at \$100 and a half-ton chain hoist. The tools have Angle's name stamped on them.

**Auto Stolen Saturday**  
A gray 1947 two-door auto was stolen from outside the Big Top Bowl between 12:30 and 4:15 a.m. Saturday, it was reported to Granite City police by Wayne Oztalich, 705 Madison avenue, Madison, who said the auto belonged to his brother. The car was located on Garfield avenue by the owner.

**Mail Relay Box Opened**  
A mail relay box belonging to the post office was found by police with the door apparently overtured and pried open at Denver and McKinley streets at 1:46 a.m. Friday. The box had been empty.

Postmaster Theodore Overbeck commented that at this location boxes have been disturbed frequently, including being bumped by autos. He warned that anyone caught tampering with them will be prosecuted, subject to a \$1000 fine or three years imprisonment.

**Nine Tires Stolen**  
Nine auto tires valued at a total of \$157 were stolen from William James service station, 801 Madison avenue, Madison, between 10:15 a. m. Saturday and 8 a.m. Sunday Madison police were notified. There were no signs of forced entry.

**Hubcaps, Fender Strips**  
Edward Worfolk, 1034 Douglass avenue, told Venice police four hubcaps from his 1950 auto were taken last night as the car was parked in front of his home. Stolen Saturday night were two gray fender skirts of a 1960 auto owned by John Nelson, 117 Weaver street, as it was parked in front of his home.

**Four Hubcaps Taken**  
Four spinner-type hubcaps were stolen off the 1956 auto of Robert Singleton, 2102 Benton street, in front of his home some time Saturday night. Two spinner hubcaps were taken from the parked auto of Ronald Aldridge, 2906 Prosser street, at the Big Top Bowl lot between 11 p. m. Sunday and 12:35 a. m. today.

## Grandson Appointed To Air Force Academy

Mrs. William M. Schooley, 2216 Cleveland blvd., received word Friday of the appointment of her grandson, William Marvin Lewis, to the U. S. Air Force Academy, Colorado Springs, Colo.

The new appointee, who is one of 130 prospective cadets selected from more than 1500 applicants, will depart July 21 for San Antonio, Tex., where he will spend four weeks prior to entering an Air Force preparatory school at Bainbridge, Md. He will attend the school for approximately 12 months before transferring to the new academy.

Landes was graduated from Menlo College near San Francisco in 1930 and has also studied for one year at Los Angeles College. His mother is the former Miss Mary Elizabeth Schooley, formerly of Granite City.

### Home Loans Extended For War II Veterans

Veterans of world war II can still borrow up to \$13,500 on a direct home loan. It was announced today by the local Illinois Veterans Commission office. A bill extending GI loans for two years has been signed by President Eisenhower. Many who had applied for the loans recently were turned down by the commission because it was assumed the law would be allowed to expire.

### Boys Hurl Rocks

A special agent for the Burlington Railroad notified Venice police Friday that incoming and outgoing trains at Lee park were being pelted with rocks July 13, thrown by a group of young boys. He told investigating police the glass in one of the engine cabs was broken by a rock.

## 30 Quad-City Scouts Will Leave Tuesday For Jamboree

Joining over 35,000 Boy Scouts heading from all parts of the world to Colorado Springs for this year's fifth national jamboree this week will be 30 members from the Uniwah district and 24 from other sections of the Chokio Mound Council.

Those scouts attending the large youth encampment will gather tomorrow at 3 p.m. in front of the city hall in Granite City and report to the jamboree scoutmaster.

As part of the jamboree program, the scouts will make a tour of Pike's Peak and have an all-day excursion at the Royal Gorge prior to the official jamboree opening.

Later in the jamboree festivities, the youths will participate in skill exhibitions, perform in talent shows, witness rodeo stunts and performances and join in a con-

## Lions To Contribute To Children's Fund

The Madison Lions Thursday night voted to donate \$35 to the Madison Christmas children's fund, and set Aug. 21 as the tentative date for the club's annual summer picnic at Cecil Dant's farm.

A letter from the Quad-City Safety Council designating the beginning of Safety Week as Sept. 1 was referred to the board of directors.

In the absence of President Charles Foley, who is recovering from an eye injury received when he was struck by a piece of steel, James Perdue presided at the meeting.

ard Holbrook, Charles Orr, Gerald Walters, Bernard Yevin and David McIlroy.

For the return trip, the scouts will leave Colorado Springs July 30 and arrive at the St. Louis Union Station on Sunday, July 31. Parents should make preparations to pick up their sons at the station.
